- I can sit in any chair as long as I like without pain.
- I can sit only in my favorite chair as long as I like.
- Pain prevents me from sitting more than 1 hour.
- Pain prevents me from sitting more than 1/2 hour.
- Pain prevents me from sitting more than 10 minutes.
- I avoid sitting because it increases pain immediately.

### SECTION 6 - Standing

- I can stand as long as I want without pain.
- I have some pain standing, but it does not increase with time.
- I cannot stand for longer than 1 hour without increasing pain.
- I cannot stand for longer than 1/2 hour without increasing pain.
- I cannot stand for longer than 10 minutes without increasing pain.
- I avoid standing because it increases the pain immediately.

### SECTION 7 - Sleeping

- I get no pain in bed.
- I get pain in bed but it does not prevent me from sleeping well.
- Because of pain, my normal night's sleep is reduced by less than 1/4.
- Because of pain, my normal night's sleep is reduced by less than 1/2.
- Because of pain, my normal night's sleep is reduced by less than 3/4.
- Pain prevents me from sleeping at all.

### SECTION 8 - Social Life

- My social life is normal and gives me no pain.
- My social life is normal but increases the degree of pain.
- Pain has no significant effect on my social life apart from limiting my more energetic interests, e.g. dancing . . .
- Pain has restricted my social life and I do not go much.
- Pain has restricted my social life to my home.
- I have hardly any social life because of my pain.

### SECTION 9 - Traveling

- I get no pain while traveling.
- I get some pain while traveling, but none of my usual forms of travel make it worse.
- I get extra pain while traveling, but it does not compel me to seek alternative forms of travel.
- I get extra pain while traveling which compels me to seek alternative forms of travel.
- Pain prevents all forms of travel except done lying down.
- Pain restricts all forms of travel.

### SECTION 10 - Changing Degrees of Pain

- My pain is rapidly getting better.
- My pain fluctuates, but overall is definitely getting better.
- My pain seems to be getting better, but slowly improves.
- My pain is neither getting better nor worse.
- My pain is gradually worsening.
- My pain is rapidly worsening.
